Resource sheet 2

Getting to know you

Instructions

The group is seated in a circle to begin with. Everyone in the group gets one of the question sheets (Resource sheets 2a-2h) and they have to write all the names of the other group members on their sheet before starting. They are then asked to move seats or walk around in order to complete all the questions on their sheet.

After around 10-15 minutes of questioning time, everyone is asked to sit back in their seats. Then one of the group is asked to sit in the middle of the circle while all the other group members take turns in recounting what they have found out about that person. Each person gets a turn at sitting in the middle of the circle.
